

MISSISSIPPI INCOME TAX LAW HELD VOID; STATE JUBILANT—REALTY VALUES AUGMENT

On March 30th, the Hon. G. E. Wilson, judge of the Circuit Court of Newton county, Mississippi, in a case entitled the State of Mississippi vs. Gulf, Mobile and Northern Railroad Company, instituted by the attorney general to decide the validity of the 1924 income tax law of Mississippi, determined that this much-discussed law, and the tax sought to be imposed by it on incomes, violated both the State and Federal Constitutions in various particulars. In a well considered opinion, too lengthy to be herein set out, this able jurist supported his decision by unanswerable reasoning and authority.

Perhaps never before in the history of the State has there been a question determined that was more vital to the welfare of our commonwealth. With one accord the substantial and thinking populace of Mississippi were convinced that the taxation of incomes in Mississippi would mean ruin, and the eyes of the outside world at this period of general progress were turned critically upon our own State in this crucial moment. In deciding this case, Judge Wilson became an outstanding figure in Mississippi, and gained prominence throughout the South. Upon every hand is heard praise of his personal rectitude and his professional acumen.

It is generally believed throughout the State that this law was designed merely to create political jobs, and no small wonder is expressed over the hardness of the 1924 Legislature in passing a statute which the Legislature must certainly have known to be unconstitutional, as is shown by the fact that the Legislature had submitted to the people after the passage of the act an amendment to the constitution designed to make a statute of this character valid. Last November the people of the State voted against the adoption of the amendment by a majority of nearly estimated from ten to thirteen to one. The unusually oppressive character of the tax itself, and its conflict with many principles of our State government, expressed in the constitution, no doubt influenced many of the voters to cast their ballots against an amendment aimed at validating such a measure. From the opinion of Judge Wilson it is evident that the law was unconstitutional, and that the taxation of incomes upon a sliding or progressive basis amended their constitutions before the statute imposing such a tax was passed; and it is said to be very doubtful if the people of any of these States would have voted to amend the constitutions if they had had the opportunity that the Mississippian had of first seeing the type of law that could be passed by the Legislature when authorized by the amendment. It is also said by those versed in such matters that wherever the principle of income taxation has been submitted to the people after they have lived under that system of raising public money, or had an opportunity to observe the manner in which it operates, the people of all classes have rejected the idea. The phases of the statute passed upon by Judge Wilson, and the powers of the chairman of the tax commission provided by it, are almost incredible to one who has not read Judge Wilson's opinion, or read the statute and the commissioner's regulations. The people do not mind worse in saying that such a system is wholly out of accord with our conception of liberty.

Apparently, a new day is dawning in Mississippi. We are shaking loose from the grip of parasitical politicians. The beneficent effect of Judge Wilson's decision, and the widespread belief that the Supreme Court must certainly sustain his holding, is already reflected in commercial optimism and renewed activity in this section.

In the test case in Newton county the State was represented by its attorney general, Hon. Rush H. Know, by Hon. E. C. Sharp, assistant attorney general, and by Messrs. J. H. Cassidy, of Brookhaven, and J. H. Creekmore, of Water Valley. The defendant was represented by Messrs. Flowers & Brown, of Jackson, and by Judge Stone Deavours, of Laurel. Our own State Senator, Carl Marshall, who vigorously opposed the passage of the law at the last session of the Legislature and who has consistently opposed its principles since then, together with Mr. E. J. Ford, of Pascagoula, also participated in defending the case.

GULFSIDE AT WAYLAND TO BUILD.

Colored Instructive and Recreational Institution at Wayland Shows Development Work For Race—Fall Page Ad. in Echo Tells of Effort.

A full page advertisement in this issue of The Echo tells of the aims and purposes of Gulfside, the educational and recreational institution, located at the extreme southern end of Wayland, better known as the Jackson House. This property was taken over last year by Bishop Jones, of the Methodist Episcopal Church, and all summer meetings and convention after convention, in addition to several normal and other schools, have been held there during the season. So well has the work prospered that it has become necessary to build at no distant date an academic building. Bishop R. E. Jones, active and executive head of this work, is planning to build this building at once and has started a drive for funds.

As will be seen from the list of meetings and conventions due at Gulfside this summer, there will be sessions of all kinds and there is much work program-ed for Gulfside this year.

Gulfside is no money-making scheme. Simply for uplift work. To study and build; to fit one's self for more and thorough work. Bishop Jones has the unanimous endorsement of all who know his work of the past and acquainted with his plans for the future.

COURT RULING IS BLACK EYE FOR STATE'S FINANCES

Adverse Decision in State's Income Tax Suit Means One Million Dollar Shortage—State Needs More Money—Special Session of Legislature Probable.

Preston Williams, president Jackson county correspondent for the Finance Division, writes, under the date of March 28th, to the effect that the State's income tax suit, which was filed in the Circuit Court of Newton county, Mississippi, on March 28th, 1927, has been decided against the State by a majority of 4-3.

Continuing, he says, the decision of Judge Roger Wilson Monday that the income tax law of Mississippi is unconstitutional, while no more than generally expected, was a "knockout blow" to the State's financial prospects. Legislators, in passing the appropriation bills, counted on more than a million dollars being received from the enforcement of the law this year.

While the Supreme Court is yet to pass upon the case and probably will announce a decision before June 15, it is practically a foregone conclusion that the findings of Judge Wilson will be sustained.

Shortage Indicated.

The saying of the Mississippi court may not be the final word, for there are federal questions involved that may result in the case being appealed to the United States court. In this event, there is little possibility that there will be any effort to collect the taxes due this year.

Figures obtained at the office of State Treasurer Lowry indicate that there will be an apparent shortage of 1,000,000 in this year's funds. This estimate is made after all possible sources of revenue have been figured upon.

The unexpended portion of the \$3,000,000 appropriation made for 1925 at the last session of the Legislature, amounting to \$5,000,000, is a total of \$4,500,000 available for this year. This is \$1,000,000 short of the appropriations that are authorized.

Some of the larger appropriations that are yet to be paid include \$600,000 in pensions, \$200,000 of which will be paid April 6; \$270,000 in interest, to be made in two payments; \$54,000 in interest during April, \$200,000 equalizing school funds, and \$700,000 common school funds, to be paid next fall, and \$700,000 in other items.

Special Session Likely.
The average running expenses of the State are between \$400,000 and \$500,000 per month.

How the deficit will be met in the event the income tax law is held unconstitutional is as yet undetermined. Governor Whitfield is known to be adverse to calling a special session of the Legislature, but it seems that such action is inevitable. Should the session be called it is probable that the governor will ask for power to borrow funds necessary to complete the year and instruct the Legislature to raise the State tax levy from 8 mills to 10 mills so that there will be funds for next year's operation.

So far the governor has not expressed himself regarding the decision of Judge Wilson, other than to say that he was awaiting the action of the Supreme Court.

"I am not going to say what I am going to do or what I am not going to do until after the law has been finally passed upon," he says.

Treasurer Lowry is hopeful that there will be no serious effect on the action of the Legislature, but "just can't see how we will squeeze through."

State officials in general were not surprised at the outcome of the income tax test suits.

More than one time they have declared that if the law is unconstitutional, then they wait it off the books as much as any one.

"The thing is in the hands of the courts," Chairman Innman of the tax commission declares. "Whatever the court decides is the law, and we must abide by their rulings."

HAS REMARKABLE SUCCESS.

Mr. and Mrs. Albert C. Brown, constant and enthusiastic supporters of the Gulfside, have met with unusual success in planning a flower garden on the east side of their dwelling. No one has had greater success with roses, petunias, etc., than they. The plants have not only grown to giant and gorgeous proportions, but are flowering abundantly. Many visitors from Bay St. Louis within the last two or three weeks have enjoyed this one little beauty spot of the Gulf Coast. Others might profit by example.

BAY CITY TO GET \$180,000.00 FROM CO. FOR STREETS

Board Issues Proposition Carried in Special Election Tuesday Overwhelmingly—Bay St. Louis and Lake Shore Give Heavy Majorities.

Bay St. Louis scored heavily in the special election Tuesday over the proposition to issue bonds for the improvement of the city streets. The proposition was carried by a vote of 44 to 14.

An election was held over the city for the purpose. In a number of the remote and smaller places an election was held, as is generally the case in special elections. Bay St. Louis cast 373 for and 44 against.

Lake Shore, realizing the success of the proposition, means greater benefits for the county, rolled up a splendid majority for the cause. Let it be said to the credit of Lake Shore. The citizens of that place voted 33 for and 5 against, realizing well the success of that and other places of contiguous territory.

Waveland voted 9 for and 77 against.

From over the entire county the total vote registered "against" is 183, with the famous prescription number of "666" in favor.

At this writing the following figures are obtainable:

Bay St. Louis, 373 to 44.

Lake Shore, 33 to 5.

Galveston, no election.

Lake Shore, no election.

Logtown, no election.

Flat Top, 0 to 10.

Catahoula, Crane Creek and Caesar, no returns.

Standard, 14 to 6.

Kiln, 22 to 40.

It will be noted that outside of Bay St. Louis, Flat Top and Lake Shore gave majorities. Where no election was held the vote is small and it is rather the case than the exception that in all special elections little or no interest is manifested, hence failure to hold election.

For holding the election the weather was ideal and permitted many to come out who otherwise might not have voted. The local organization of men and women voters were active and some of the voters. It was the lethargy of the voter that was feared.

The matter of the bonds now rests with the Board of Supervisors, who will no doubt take it up at their regular monthly meeting Monday for due consideration.

SON OF ALDERMAN BREAKS ARM.

Bernard Blaize Victim of Fall While Skating Thursday Afternoon—X-Ray Picture Shows Arm Broken Between Wrist and Elbow.

Bernard Blaize, young son of Alderman Blaize, G. Y. Blaize, while skating Thursday afternoon on the concrete floor of the demolished warehouse formerly belonging to the Peerless Oyster Company, fell and sustained painful injury of the left arm between the wrist and elbow.

Dr. A. P. Smith was summoned. In order to determine the extent and exact location of the injury, Dr. J. A. Evans took an X-ray picture of the injured member, and which subsequently showed the bone broken.

Young Blaize was skating with a number of other companions. His fall was seemingly slight and for the time being nothing was thought of the injury until later when the inflammation began to set in and the pain grew intense.

FLAT TOP CLUB WORK.

The Flat Top Community Club met at the home of Mrs. J. B. Wheat March 24th. Ten members answered to roll call. The following business was discussed and decided upon:

The first yearly meeting of the County Council will meet in session at the Flat Top school house, where we will see them with a picnic dinner, the first Friday in April. All women of the county who are interested in the advance of club work are asked to be present.

Cards were returned to the president of the club, on which each member had written the two subjects in which she was most vitally interested.

The kitchen contest was thoroughly discussed, with each member enrolling to make their kitchens comfortable and labor-saving, occupied by happy, smiling cooks.

The committee on improvement reported that the fields of Flat Top would be outlined with stnflowers that would later be turned into poultry feed.

Circulars were given out relative to the presentation of the strawberry. Also interesting circulars giving suggestions as to the preparing and serving of attractive menus and novel ways of entertainment at children's parties.

The feature of the club meeting was the presentation and serving of a complete meal that was cooked in 45 minutes by steam pressure, serving fifteen people, after which we adjourned to meet at the home of Mrs. Lott McArthur, where a demonstration will be given in the use and application of alabaster, March 25th.

Among those present were Myri Kergeson, Vivian, Mary Alice and Thelma Telhiard, Lois Ansley, Jacquelin Graves, Alice and Ella Brook Canty, Agnes Schulz and John Woodford McQuar, Walter, Alan and Terry Ansley, Sylvan Ladner, Anthony and Paul Schulz. BOOM STRIKES MISSISSIPPI GULF COAST; OVER \$2,000,000 REALTY SOLD THIS WEEK.

HOW BOND ELECTION WAS CARRIED IN BAY CITY TUESDAY

Citizens, Men and Women Alike, Put Shoulders to Wheel and Carried Overwhelmingly Bond Election. \$180,000 Bonds to Aid Surface City Streets.

Success of the election was due to many activities in addition to the popularity of the cause on Tuesday, March 31st, when the county held a special election for the proposed issuance of \$180,000 bonds for the purpose of hard surfacing the streets of the city of Bay St. Louis, as far as the city was concerned. But to no activity more so than the splendid organization which carried on the good work, and to which W. J. Gex, prime mover, was intensely active.

Every movement must have a leader and this was one where Mr. Gex gave his time, talents and energies for the success of the cause.

Every ward had its own organization, a sub-committee as it were, working with the general committee, composed of Mayor R. W. Webb, chairman; Leo W. Seal, E. J. Leonard, Alphonse G. Favre served with marked ability as secretary to the general and different ward committees.

How well the ward committees worked is best attested by results. In addition, many of our good citizens added their active interest and assisted in every manner possible, explaining the issue, getting voters out, doing general missionary work.

The official committees for the different wards were composed of the following named:

Leaders For Every Ward.

Ward 1—Wm. C. Sick, captain; Dr. Jas. A. Evans, Chas. G. McReau; Chas. Traub, Sr., E. J. Giering, Gaston Telhiard, Marcel Telhiard, J. B. Donald Marshall, Mrs. Rita L. Breath.

Ward 2—John Osomach, captain; Jos. O. Mauffray, August Schiro, Emilio Cue, Raphael S. Blaize, Mrs. Claud Monti, Mrs. Gus E. Temple.

Ward 3—R. C. Engle, captain; George R. Rea, Anthony Scaife, G. Y. Blaize, Louis J. Norman, Mrs. Elizabeth Boudin, Mrs. George P. Rea.

Ward 4—Ferdinand H. Egloff, captain; Daniel Ziegler, Harry G. Glover, Reginald N. Blaize, Alice Carver, Mrs. Marshall Ballard, Mrs. Emile J. Lacoste, Mrs. Edw. Schwartz.

Echoes of the Campaign.

At a general meeting of the committee held at the courthouse last Friday night, it was J. L. Norman who suggested the painting of a sandwich cloth sign, which, set on a wagon, paraded the streets of the city all day. This was done to remind those of the voters who might by some chance forget, Tuesday, March 31st.

This sign was painted effectively on cloth, the work of E. J. Arceneaux, who sings a clever brush. That this reminder was many and brought out votes there is no doubt.

It was Mrs. Geo. R. Rea, who, in meeting, suggested that every auto windshield in the city should carry a "sticker" as an aid to the campaign work. Accordingly The Echo force generously worked overtime Saturday night and printed the signs, of which over 800 cars carried the banner, reading, "May Day St. Louis the Best City on the Coast With Hard Surfaced Roads." This work was suggested by George R. Rea, one of a committee of three to get up and attend to this phase of the campaign for votes.

A Place One Loves To Live In.
And that the women, good citizens and civic leaders, were active as well as the men is patent. It is refreshing to think that one lives in a community where the men and women work for the civic uplift and its natural advancement as well as their own.

573 votes were polled for the bond issue against 44 is significant of the kind of the community we live in; of the public-spirited character of our men and women. Of the 44, however, who voted "nay" we feel sure an appreciable percentage were not fully posted on the issue. There had been misinterpretation in some quarters. "It will raise our taxes," some demurred, when in reality, the matter explained, it will lower our taxes.

BIRTHDAY PARTY FOR YOUNG SON.

Mr. and Mrs. F. Schulz had quite a gathering of little folks at their home in Carroll avenue Saturday afternoon, celebrating the seventh birthday of their youngest son, Anthony Schulz. The usual games and other party pastimes preceded the serving of abundant refreshments.

Among those present were Myri Kergeson, Vivian, Mary Alice and Thelma Telhiard, Lois Ansley, Jacquelin Graves, Alice and Ella Brook Canty, Agnes Schulz and John Woodford McQuar, Walter, Alan and Terry Ansley, Sylvan Ladner, Anthony and Paul Schulz. The young honoree was the recipient of many thoughtful tokens of the occasion.

If you boost you can't go wrong
Bay St. Louis is on a building boom.

Two things you will never own simultaneously are a fountain pen that will write and a wrist watch that will keep time.

A recent headline on our favorite sporting page bewails the fact that "Princeton Eleven Will Lose Thirteen Men." It can't stand to lose many more.

A miracle is reported from Union Hill, N. J., where fifteen barrels, containing beer when seized, were found to be filled with water when the trial opened.

Biloxi will entertain the Mississippi Press Association in a three-day convention, beginning June 4th. This promises to be one of the biggest and best conventions in the history of the Association. Bay St. Louis should get this convention next year.

What is said to be the high mark in New York realty transactions is the recent sale of the Equitable building, the largest, but not the tallest, skyscraper in the metropolis, for \$38,000,000. This is enough to make even a Miami or Los Angeles realtor envious.

Senator Pat Harrison, who is on the Coast, is preparing to leave during the summer for a trip to Europe. Pat is quite active while on the Coast, one of the activities and by no means the least was the buying of a nice block of Bay St. Louis real estate during the week.

Mrs. William Brown Meloney, who has served as editor of the Delicador and other magazines, is one of America's most distinguished women. She was decorated for services to Belgian children; organized the committee which presented a gramme of radium to Mme. Curie, its discoverer; inaugurated the better homes movement and has engaged in many other activities.

Martinsburg, W. Va., has a "blue law" which prohibits the sale of soft drinks on Sunday by drug stores, although permitting the filling of medical prescriptions. A resourceful citizen outwitted the lawmakers by presenting a duly signed doctor's prescription calling for an ounce of cocoa cola and five ounces of carbonated water, to be taken immediately. He got it.

There are heroes and heroes, of whom France has given the world many of all sorts. One of the latest is Dr. Dementriou, dead after long agony from a malady brought on by experiments with X-rays in an effort to rid the world of cancer. He is one of several who have met a similar fate through their devotion to science and the service of humanity.

Carrying of the bond issue Tuesday for hard surfacing streets city of Bay St. Louis has largely enhanced realty values in manifold measure. A number of real estate deals on the tapis since Tuesday well sustains this contention. It would not be extravagant to assert the advance has been about a third.

Hancock county is going to be the model county for good roads. In addition to the several highways traversing the county in different directions a network of connecting links just as good as the main arteries will be completed. The program calls for completion of this work in less than a year. We live in a wonderful age, and of great things. None the least of these are good roads, built better, wear better and almost constructed over night.

Slidell, La., is predicating much if not all its immediate future success on the building of a bridge over Lake Pontchartrain, connecting the Old Spanish Trail on to and through the Mississippi Gulf Coast. Slidell no doubt has a great future, but it might be well to prepare for tourists and others. No better way than building a hotel. There is no place where the tourist and visitor is expected to linger in more urgent need of hotel accommodations than Slidell and it might be if that place is going to make any bid for tourist to begin today bidding and building for a hotel. Slidell's slogan should be: "Let's build a hotel."

COL. R. H. HENRY'S GIFT.

Hon. R. H. Henry, nestor of the Mississippi Press, one of the State's best known citizens, has generously donated to Belhaven College, one of the Presbyterian educational institutions, the brick building on Capital street, Jackson, known as the Claxton-Leader building. The building is to be used for the benefit of the college, and in the event the structure is sold the proceeds are to constitute an endowment to the college. It is known as the Henry Building.

A FREE BRIDGE OVER BAY ST. LOUIS.

It is regretted Harrison county failed to see its way to join forces with Hancock county and the Federal government in the building of the bridge across Bay St. Louis, as originally contemplated.

The plan, at present, if carried, but we do not think it will, is to give private interests a franchise whereby tribute will be exacted from every user. This will in a great measure dwarf the popularity of the bridge and will curb its use by the general public to an extent of no small consideration.

Turning the proposition over to private interests and exacting a toll will in all probability detour the course of the Old Spanish Trail from Bay St. Louis to a route by way of Kiln and Fenton, diverting travel and the trade incidental thereto to other channels.

Then again a pay bridge will never prove popular. There will be the one ever restraint to travel, thereby defeating its popularity. The Echo does not favor private interests building the bridge. We do not favor giving the franchise to individual or individuals. We do not favor tolls. The best bridge that can be built consistently with sound judgment and financial consideration within our means, and paid for jointly by the counties of Harrison and Hancock and the Federal government, open all time and free to all, is the bridge we want. It is the kind that will serve the purpose best and to the best advantage of all concerned.

Harrison county has thwarted this effort, evasively, true, every time the matter was put up to its board of supervisors. Why, is not plain. In our own humble opinion Harrison county is standing in its own light.

We hope the matter of granting a franchise to private individuals next Monday by both boards in joint session will fail. Our people and their best public interests entitle them to a county-owned and free bridge. To grant a franchise for a toll bridge over Bay St. Louis would be akin to selling the right of a free people to a free bridge for the next decade of years. In all soberness, we do not think the Boards of Supervisors will do it.

WISDOM FROM THE EAST.

Addressing a world conference of missionaries recently, Rev. Harris Kirk, of Baltimore, declared that "heathens have good reason for disliking civilization, because it always introduces the vices and evils of civilized countries."

He also predicted that the world will eventually look to the Orient for political and moral leadership. Many missionaries have complained of increasing difficulties since the World War, owing to the bad impression created by so-called Christian nations engaging in that unholy orgy of death and destruction.

Even in peace times it cannot be denied that the prevalence of crime, especially in the United States, is a rather sorry example to hold up to the heathen. No wonder they are skeptical of Western culture and religion, when such fruits are borne by our vaunted white civilization.

Aluding to this phase of the problem, Robert Doan, of Columbus, expressed the view that "practicing Christianity at home is more essential than preaching it abroad."

Rev. Kirk is no doubt sound in his idea that we have much to learn of philosophy and true morality from some of the Eastern peoples. The Orientals have been from time immemorial given to serious meditation on these problems.

We might also remember that Christianity, like all the other principal religions of the world, had its beginning in Asia.

WHY MAKE IT WORSE?

In spite of all that we may possess of knowledge, philosophy and religion, when viewed in its stern reality, life is a tragic thing. We may be profoundly thankful for the fact that "hope springs eternal in the human breast."

Man, like every living creature, is born under the sentence of death, which rests alike upon the king on his throne and the murderer in his cell. None is exempt.

That we can cheerfully and hopefully "carry on" in the face of this certainty and in the midst of the trials of our daily existence is convincing evidence of man's courage and fortitude.

These reflections are not intended to spread gloom or discouragement, but are merely a reminder that, taken at its best, there is enough of anguish in the world without anyone seeking to make the burden of another harder to bear.

Along the thorny paths of life each can do much to aid, comfort and encourage his neighbor. Why, then, should we choose to do those things which needlessly bring added misery to others instead of joy?

A teacher was telling her class little stories in natural history, and she asked if anyone could tell her what a groundhog was. Up went a little hand waving frantically. "Please, sir, it's a sausage."

WORLD'S GREATEST MOTHER

Touched by the horrors of the frightful tornado which brought death and destruction to millions of other States of the cyclone belt recently, the people of other sections liberally responded to appeals for aid.

But, as always, it was the noble Red Cross that took the lead in relieving distress and bringing order out of chaos. Henry M. Baker, national director of disaster relief for that organization, declared the recent storms to have been the worst in American history—then set about with characteristic efficiency and precision to clear up the wreck.

Not only must temporary relief be provided, but means of permanent rehabilitation must be furnished to thousands left without a thing with which to begin life anew. But the Red Cross never falters, no matter how tremendous the task. It is not faltering now.

Every member who answers the annual roll call must feel a renewed pride in the magnificent work being done. Again the Red Cross has confirmed its right to the proud title of "the greatest mother in the world."

WHAT CHILDREN THINK.

We hear a great deal about the waywardness of children of the present, but it occurred to Rev. Clinton D. Cox, of Chicago, to get the viewpoints of youngsters themselves, which he did from 175 boys through asking them to write freely their ideas on "What's wrong with the home?"

Among the answers given by these boys, who ranged from 14 to 18 years of age, were the following:

"A boy wants a mother who can keep a secret and not tell the neighbors everything about him."

"The girl's word is taken and the boy's word is always doubted."

"Home is a cozier room and every member of the family tries to take a hand in raising the boy."

"Parents never admit it when they are wrong."

"People who led the wildest lives before marriage are the strictest parents."

These are only a few of the answers, but they indicate that boys believe there are a good many faults on the parents' side of the case and perhaps that is true.

While there are exceptions, young persons will usually acknowledge their shortcomings and accept reproof without resentment if they feel that the parent is right and fair. But it is often difficult for parent and child to see things from the same angle.

To deal with children firmly when necessary, yet without apparent harshness, is not always easy.

ORIGIN OF EASTER.

Easter Sunday, universally observed by Christians in commemoration of the resurrection of Jesus, was not originally a Christian festival, but is rather an outgrowth of the Jewish Passover.

The word Easter is a survival of old Teutonic mythology, from Eostre, the Anglo-Saxon goddess of spring. Among the Romantic nations—France, Spain and Italy—the name is derived from the Latin "pascha," this in turn being drawn from the Hebrew name of the Passover.

No trace of the observance of Easter as a Christian festival is found in the New Testament, nor in the writings of the Apostolic Fathers of the Church.

The celebration of Easter originally took place at the end of the Jewish Paschal fast, regardless of the day of the week, but Gentile Christians early adopted the custom of commemorating the crucifixion on Friday and the resurrection on the following Sunday, as we do now. There were at first several different methods of calculating these dates.

It is recorded that in one year no less than three different dates were observed by various churches, March 21, April 18 and April 25. Controversies over the date of Easter were among the most bitter of any disputes in the history of Christianity, as may be inferred from the fact that in the year 197 Victor, Bishop of Rome, excommunicated Polycrates, Bishop of Ephesus, with his entire Asiatic following, for non-conformity to the Roman date.

Early in 325 the Council of Nice decreed that Easter should fall on the first Sunday after the first full moon, which occurs on or next after March 21. This does not necessarily refer to the actual full moon, however, but is determined by certain rather complicated calendar rules.

Many interesting popular customs have arisen at various times in connection with the celebration of Easter, of which that of sending Paschal or Easter eggs is the most widespread. This is also a survival of past ages, the egg having been to the ancients a symbol of immortality.

BASKETBALL.

Complete Results of the Stanislaus Junior A. A. Basketball Season.

The most successful basketball season in the history of the Junior A. A. was brought to a fitting close on Sunday, March 22nd. The sixteen teams battled through a long period of four months for the supremacy of their respective leagues. The schedule called for 26 games from each team, and yet every contest was hard-fought and interesting, from beginning to end. Enthusiasm and sportsmanship marked all games, and the few fouls that were committed were going through the season in such splendid style.

"BIG BOY PETERSON" CHALLENGES.

Wants to Meet Manieri Again—Winner to Take All—Offers His End If Divided to Charity—Wants to Fight.

The Echo is in receipt of the following communication from "Big Boy Peterson," who fought Russell Manieri recently at Biloxi, losing by a foul. It will be seen from the tenor of his challenge that he is quite anxious for a second meeting.

Kin, Miss., March 30, 1925.

Editor Sea Coast Echo, Bay St. Louis, Miss.

In regards to a return match between Manieri and myself, beg to advise I am willing to meet him in a ten-round go, winter take all, or will donate my end of the purse to the Biloxi Hospital or any other charitable institution.

The stand I take in the above matter shows my willingness to give the fans a run for their money, as they surely did not get it in our last bout.

Yours in clean sport,

"BIG BOY PETERSON."

S. S. C'S 60's.

The St. Stanislaus 60-inch team brought its season to a successful end on Thursday, March 12, when it journeyed to Bogalusa, La., to play the Boy Scouts and Junior Y. M. C. A. of that city.

The "Red Flashes" had met and vanquished the Boy Scout team on our local floor by the score of 32-13, and the Bogalusa boys were just pining for revenge, so a return game was agreed on to be played on the Bogalusa court.

In the first game the "Red Flashes" again met the Boy Scouts, and took the game by a score of 25-17. The game was harder fought than the score indicates, for the Bogalusa team, although they were outclassed, did not quit fighting until the final whistle.

In the second game of the day our "Baby Rocks" met the Bogalusa "Y." This game proved to be much easier than the first, so much that Brother James did not allow his regulars to enter the game, using the reserve players throughout the entire contest. The reserve came out victorious by the overwhelming score of 38-2. The Bogalusa boys were unable to get through the air-tight five-man defense of the "Baby Rocks" and they did not make a field goal in the whole game, both of their points being made by free shots.

These little players rightly deserve the sobriquets of "Red Flashes" and "Baby Rocks," for in the three games that they played their dazzling pass work and their accurate shooting was far superior to that of any other team which has ever represented the College on a basketball court.

APOSTOLIC DELEGATE VISITS SEMINARY AT BAY ST. LOUIS.

His Excellency, the Apostolic Delegate, arrived at the Seminary Saturday morning, where he stayed as a guest until Sunday morning, when he took the train for Mobile. He showed particular interest in the work of the institution and spared no pains in informing himself of the policy and progress of the Seminary.

A celebration was tendered to him in the evening, to which was added, upon special request, a series of humorous numbers rendered impromptu by the students. At the close, following upon an address by the Rev. M. Christian, rector, the Apostolic Delegate rose and spoke long and fervently upon the necessity of a colored priesthood in this country for the colored people, and concluded by exhorting the boys to persevere in study and prayer. He then invited the students to come up individually, offered his hand, and his ring to kiss, and inquired the name and home of each.

In the morning he said holy mass in the seminary chapel and gave the papal benediction after distributing holy communion.

He took pleasure in walking about with the boys after breakfast, speaking Latin and offering advice about their studies.

When he departed he left behind him the fragrant odor of a saintly man and the indelible memory of a great, heroic but fatherly prelate, an Alter Christus.

CARD OF THANKS TO VOTERS.

Our people responded promptly and their public spirited and unanimous vote is an attestation of their civic spirit and just conception of the issue. It was not only a telling victory for the present, but a significant one for the immediate future of our beloved city.

WORK AND PLAY AT S. J. A.

Easter Holidays. Classes will be dismissed for the Easter holidays Wednesday, April 8, at 3 o'clock. The boarders must return Tuesday evening, April 14, at 6 o'clock. Class Wednesday morning at 8:30.

A Distinguished Visitor. Last Saturday S. J. A. was highly honored by a visit from the Apostolic Delegate to the United States, His Excellency, most Reverend Pietro Samsani Blondi, accompanied by his secretary, Father Leach, and Rev. Fathers Gmelch and Christian. Our appreciation of this honor was none the less sincere as it was unexpected. His excellency won all hearts by his gracious words and kindly manner.

Novelty Makers. The minims of S. J. A. have quite distinguished themselves of late. Attractive favors, flowers, vases and numerous other novelties have been produced by these little ones under the kind and able guidance of Miss Vickie Gex. We are extremely proud of our little boarders and feel sure that a great number of parents will be delighted Easter.

Junior and Senior Gossip. "I detect people that talk about other people. But, say, did you notice that Laura and Bessie have been in mourning for the past few days? Well, they can cheer up now and discard their black robes. You wouldn't believe it, but Zoe has established herself as a coming Babe Ruth. So I've heard, but could you tell me why Carmel no longer cares to go to Beaumont? Haven't the slightest idea unless it be because Caroline has her season ticket. I wouldn't be a bit surprised at anything the Juniors would do. Why, Mary Scalfie has gone into cross-word-puzzle business. Speaking of cross-word puzzles, Alice Blaise is surely "one." I hear she has developed quite a fondness for Caesar, much to the delight of the remainder of the class. I wonder if Caesar ever played baseball? He wouldn't have a thing on Adrienne Combe. Why, she's the F. B. Baseball Club's heaviest batter: "Home Run Queen."

Well, she hasn't much on Jenny Green. Her only trouble is her varying batting average. As soon as it gets to be steady she'll be O. K. Say, is Alice Panique in her second childhood?

No, her third. I found her in the corner studying Mother Goose book and trying to memorize "Humpty Dumpty."

Ellen Welsh is just as bad in a different way. She seems to be especially fond of a photograph array in her desk. She also likes certain chapters of the Bible.

Well, really, I don't care to talk about people and things that don't concern me, so let me go before I do say something about somebody.

Suggestions For Students' Menu. Musical—Scientific, literary. Fudge—Literature. Nectar—Mythology. Dates, Stuffed—History. Molasses Candy—Maid of Orleans. Bread Sticks—Crossing the Styx. Tongue—Languages. Nuts to Crack—Mathematics. Water—Chemistry. Star-Shaped Cakes—Astronomy. Rock Candy—Geology. Animal Crackers—Zoology. Brain Food—Psychology. Potato Salad—Botany. Toothpicks—Forestry. Sandwiches—Comin' Through the Rye. Ice Cream—"O Wert Thou in the Cold Blast?" Caramel Cake—"O, Sweet and Fair."

Truth About Class '25. (Continued.) Oleah is the tallest lass. Of all the goofs in this goofy class; We think she's smart, but we won't tell her so, Because her nose would sky high go. It ain't her fault that she is lanky; And we can't help it if she's cranky; Otherwise we think she's swanky.

Adrienne is sweet, we have to admit, But she's not stuck up, oh not one bit!

And if she thinks she's not the hit In basketball, why she's just quit. She grins all day and calls it a smile, And thinks by such faces all hearts she'll beguile. When she really is calling forth pity the while. And grim resolutions to chuck her a mile.

(To be continued.)

Could You Explain? Why Peggy is so quiet in school? Where Clothilde kept her dog Thursday? What would happen if Juanita would job her hair? Why Judith asks for a second explanation in Algebra? Why Nancy practices so long in the morning? Why Anna Dale always powders her nose? What happened to Genevieve's rouge? What would happen if Vesta would miss her lessons? Why Jennie has stopped eating peanuts in school?
